

Shizhe Liu

✉ shizhe.liu@oriel.ox.ac.uk | 🌐 <https://shizheliu.com> | 📍 Oxford, UK

EDUCATION

University of Oxford, Department of Computer Science
Computer Science and Philosophy (MCompSciPhil)

Oct 2024 - Present
Oxford

King Edward VI Camp Hill School for Boys

A-Level Further Maths (A), Maths (A*), Computer Science (A*), Physics (A*) and EPQ (A*)*

Sep 2022 - Jun 2024
Birmingham

EXPERIENCE

Independent Researcher

Jul 2025 - Present

Generative AI, Affective Computing, Digital Human and Human-Agent Interaction Research

- Developed **ResDiffFRG**, a novel reformulation of the diffusion process for facial reaction generation, improving facial-reaction correlation by 43% over the React2025 challenge baselines; currently under review at a top ML conference
- Developed **SAFRG**, a novel framework that aligns facial reaction generation with the intended verbal response; published in **Neurocomputing**
- Designed and evaluated transformer-based diffusion denoisers in PyTorch using multimodal representations

BT Applied Research Department

Applied research work experience

Jun 2022 - Jul 2022
Adastral Park, Ipswich

- Developed a real-time hand-gesture classification model for Microsoft HoloLens

PROJECTS (SELECTED)

Oriel College JCR AI Assistant & Automation Tools

Jul 2025 - Oct 2025

Oriel College, University of Oxford

- Built and deployed an AI Chatbot to answer questions from freshers using Streamlit and a RAG pipeline
- Developed a live, automated Instagram intro generator, using Google APIs, Pillow and GitHub Actions

Finding Rare Particle Decays using XGBoost

Jan 2023 - Jun 2023

IRIS Best Research Project Award

- Developed an XGBoost-based approach for identifying rare particle-decay events in ATLAS Open Data; this work was subsequently published in **European Physical Journal Plus**

SKILLS & AWARDS

Technical: Python, PyTorch, NumPy, Scala, Haskell | Diffusion Models, Transformers, Generative Modelling, RAG

Awards: IRIS Best Research Project Award (2023) | British Mathematical Olympiad Distinction (2023) | Oxford University Computing Challenge Distinction (2023)
